

Bob Smith - Data Scientist

Email: bob.smith@example.com

SKILLS

Languages: Python, SQL, R

ML Frameworks: TensorFlow, scikit-learn, PyTorch

ML Topics: Machine Learning, Deep Learning, Natural Language Processing

Data: pandas, numpy, Apache Spark, Data Engineering

Tools: Docker, Git, Jupyter

EXPERIENCE

Senior Data Scientist - DataInsights (2021-2026)

- Built machine learning models for churn prediction using scikit-learn
- Implemented deep learning pipelines with TensorFlow and Keras
- NLP text classification with transformers and PyTorch
- Engineered ETL data pipelines with Apache Spark

Data Analyst - AnalyticsCo (2019-2021)

- SQL queries and reporting using PostgreSQL
- Data analysis with pandas and numpy

EDUCATION

MSc Machine Learning - Warsaw University of Technology (2019)
